**Speaker:** Today I'm going to talk about the amazing biodiversity of Colombia.

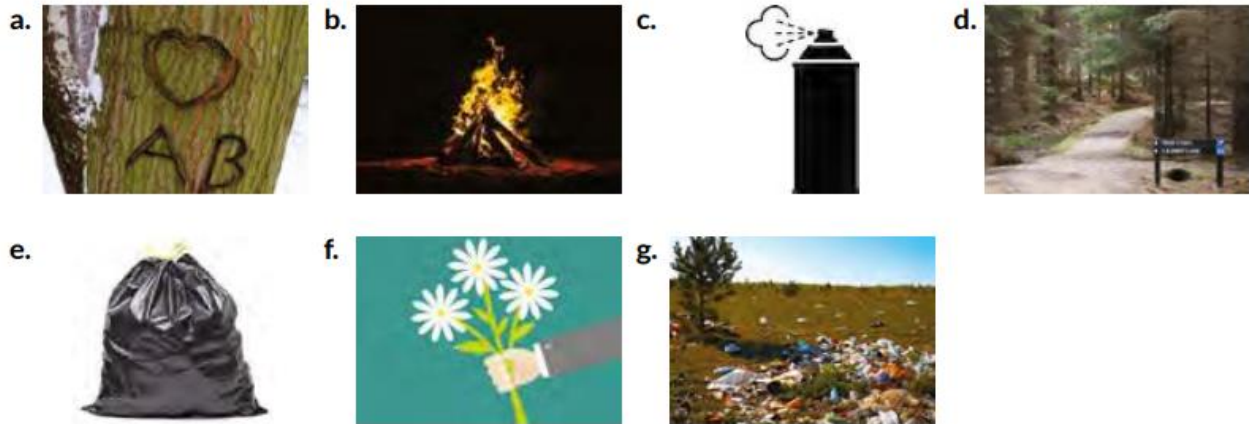

If we look at the number of species of animals in the countries around the world, we find that Colombia ranks very highly in many areas. For example, Colombia ranks first in the world for the number of different species of birds. There are 1,870 different species of birds in our country. We also rank first in the world for number of species of land vertebrates and orchids. I love those beautiful flowers ... they're my favourites!

Colombia ranks second in the world for the number of species of butterflies and amphibians. Yes, we have lots of frogs!

Colombia ranks third for the number of different species of reptiles. We have 520 different types of reptiles, and our country is also third for palm trees.

Finally, in the world ranking for mammals, Colombia comes fourth. So, as you can see, Colombia has an amazing variety of plant and animal life. Thank you for listening.

**Actividad 4:** Los estudiantes escribirán las 7 oraciones y le asignará la letra de acuerdo a la imagen.

### FASE DE EVALUACIÓN

#### ACTIVIDAD A EVALUAR:

**Actividad uno:** Read the descriptions (1–5) and match them to the pictures (a–e).

1. This magnificent creature is known as the King of the Andes, and is the largest flying bird in the world. With its wings fully open it can measure up to 3.4 metres. It has great eyesight, which makes it the perfect hunter and it can fly, or glide, up to one hour without moving its wings.
2. The Amazon and Orinoco Rivers are this mammal's natural habitat. Adults have a very unusual colour and can weigh up to 185 kilos and measure up to 2.5 metres in length.
3. This furry mammal spends most of its life hanging upside down from trees in the forest. Its name comes from the fact that at first it seems very lazy and slow. There are two species of this mammal: two-toed and three-toed.
4. This animal gets its name from the distinctive white marks around its eyes. Its fur is usually black, but sometimes it can be a red-brown colour. It has a great sense of hearing.
5. This little animal is only found on the island of Gorgona, where it lives in the trees. Its distinctive colour is very rare for this species.
