## The Achuar people

1. \_\_\_\_\_

The Achuar people are indigenous people who live in the Amazon Rainforest. They are a tribe of warriors who are ready to defend their families, territories and traditions.

2. \_\_\_\_\_

The Achuar people live in total harmony with their community, the environment and wildlife around them. They use natural resources for everything that they need - to build their houses, which are impressive thatched huts, and to make medicine.

3. \_\_\_\_\_

They start the day very early in the morning. The chiefs spend several hours each morning talking to families about the traditions and history of the tribe. Family time is very important to the Achuar people. They drink *wayús* - a herbal tea that stimulates dreams. One of the most important rituals in the community is sharing their dreams.

4. \_\_\_\_\_

Achuar men go hunting and fishing. They use blowguns, hooks or special baskets. The women grow crops in small gardens. These gardens are highly significant, because the plants represent life; women give birth there. They also make handicrafts which are sold at a market in their village.
