Activity 2: You are going to read about and answer the questions.

- How many hours does Yuniko study at school?
- How often does she go to an academy?
- What does she do in her free time?
- What do you think of her daily routine?

Reporter: Hello Yuniko. Thank you for letting us talk to you. Do you have a busy week?

Yuniko: Yes, I do.

Reporter: Tell us about your typical week.

Yuniko: Well, I work hard. I always get up at 6:30 every day and get ready for school. I normally walk to school but I ride my bike once a week. Classes start at 8:00, we study until 12:00 and then we have 50 minutes for lunch. After that, we continue classes and we finish at 4:00 PM, but I have Reading Club three times a week, so on those days I leave school at 5:00 PM. I go to an academy for extra classes in English and Maths on Tuesdays and Thursdays.

Reporter: Wow, you really are busy! What time do you get home?

Yuniko: At about 8:00 ... then I have dinner.

Reporter: Do you ever have fun?

Yuniko: Of course I do! After dinner, I'm usually a bit lazy, so I sometimes surf the net, chat with friends or play video games until 9:00 PM.

Reporter: Do you go to bed after that?

Yuniko: No, I have lots of homework every night, so I work until 11:00. After that, I prepare everything for the next day and I often go to bed after midnight.

Reporter: But you rest at the weekend, don't you?

Yuniko: Well, we have classes every Saturday, but on Sunday I have a lie-in and then I go out with friends.

Glossary

- busy: *ocupado/a*

Activity 3 : Match the words in the box to the pictures.

pray – dress up – watch/set off fireworks – wish people all the best – visit family – watch parades – give people gifts – eat/cook special food

Activity 4: Read the article quickly. Put the sentences below in the correct place.

- Communicating with others helped people with a particular hobby.
- Technology can help us find new ideas.
- In the middle of the 20th century, making models was really popular.
- Reading was one of the most popular pastimes

Hobbies: then and now

- _____ A lot of parents and children used to spend their free time making toy cars, boats and planes with wood or plastic parts. Nowadays people still work on models, but they usually have electronic parts, and they don't look like traditional models.
- _____ In the past, like now, if you sent a letter, you put a stamp on it, and a lot of people loved collecting them. Some people even paid a lot of money for unusual ones. These days however, people rarely send letters. Collecting stamps has become a very unusual hobby.
- _____ It was very common to see parents reading along with their children at bedtime. Now, people seem to be too busy and children don't read as much. Most people spend their free time using technology instead - tablets, smartphones and other devices have changed the way in which we have fun.
- _____ If you want to find out about a new or exciting hobby nowadays, it is really easy to go online and find what you want to know in seconds. In the past however, it took a long time. People asked friends or relatives, or looked for information in books in the library.

FASE DE EVALUACIÓN

ACTIVIDAD A EVALUAR:

Read about two different festivals that are celebrated all around the world. Answer the questions.

1. Which festival sounds more interesting to you.
2. Why?

Saint Patrick's Day

Irish people celebrate an important day called Saint Patrick's Day. This is celebrated every year on the 17th of March. It's an important festival all over the world, not just in Ireland.

Lots of Irish people dress up in colourful clothes and hats. They also draw shamrocks and the Irish flag on their faces.

A lot of people watch the parade on the street where there are bands playing Irish music and people dancing Irish dances.

Not many people go home early! In the evening, people often go to pubs to listen to Irish music and to continue the party.

Chinese New Year

Chinese people celebrate New Year on the first day of the Chinese calendar, which is usually in February.

Everyone spends time with their family, eating lots of special food, giving gifts and watching fireworks.

Parents usually give their children red envelopes with some money inside. There isn't much money in the envelopes, but they believe it will bring them good luck. For Chinese people, the colour red represents fire and can stop bad luck.

The celebration ends with the lantern festival - a night-time parade where people carry lanterns and watch the dragon dance: a huge dragon made of silk, paper and bamboo.
